10. Heads of Institutions recognized for General Education only should not sign the certificate at the foot of the application form filed in by any of their pupils coming up for any of the Technical Examinations.

11. All papers coming up from the same Institution must reflect the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that Institution, no applications of any private candidates being sent in with these applications.

12. Each candidate's work, whenever the syllabus requires it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works". Candidates are specially warned that no certified work will be valued by examiners unless the certificate of authorship is quite satisfactory, and specifies clearly the period of time occupied in the execution of such work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificate. Further, if any responses attached to any certified work submitted by private candidates Technical Schools, the Government will be compelled to recommend to the Director of Public Instruction the withdrawal of the departmental grant-in-aid supplied by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examinations postponed and also to be delivered from appearing for any of the examinations under the control of the Commissioner for each term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent up one and the same roll. Also, as the outside of each roll for each subject, each candidate should enter the following particulars in ink:—

17. No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

18. The prescribed fee must be paid in every case to a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras, attached to the application, which must in every case reach the Commissioner's office on or before the

### METEOROLOGICAL RESULTS.

From the MATHS (DEPARTMENT) SECTION

[illegible]

The Standard Barometer and Thermometer are read at 4 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The surface of the Barometer is twenty-two feet above the level of the sea, and the observer is of the same height as two feet from the ground. The wind, rain, and general weather registered are at each hour—down, up, and by night.

The total quantity of ore collected since January 1st is 48 000 tonnes, the average dose for the same period being 12 45 tonnes.

### BILL.

19

*Introduces the Arzi Jagir in the Schedule to the Madras Impartible Estates Act, 1904 (Madras Act II of 1904).*

WHEREAS it is expedient to declare that the Arzi jagir is impartible and that the Jagir-dar should exercise unrestricted powers of alienation in respect thereof; it is hereby enacted as follows:—

1. This Act may be called the Arzi Jagir Act, 1909.

2. The Arzi jagir in the district of North Arcot shall be included in the Schedule to the Madras Impartible Estates Act, 1904, and be subject to the provisions of that Act.

## STATEMENT OF OBJECTS AND REASONS.

The jagir of Arri having been recognised as an estate which the Jagirdar is entitled to hold in hereditary right as an absolute estate of inheritance and not merely as a conditional fee estate, it has been deemed desirable to include the jagir in the Schedule to the Madras Inheritable Estates Act II of 1904 whereby the Jagirdar's powers in the matter of alienation of the estate will be restricted as in the case of other hereditary estates which have already been included in that schedule.

22nd July 1905.
